Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## PREFACE

WITH the design of maintaining the utility and efficiency of LOVELL'S MONTREAL DIRECTORY, and of adapting its size and bulk to the convenience of those consulting it, the Publishers continue the printing of the Alphabetical portion in a small but clear type, giving greater prominence than hitherto, by the use of a bold Gothic letter, to the names of Advertisers.

In presenting to the public this issue of the Directory, the publishers trust that the feature above referred to will meet with general approval, as it enables them more satisfactorily to adapt the book to the demands of our ever increasing population.

It need hardly be said that the same labor and effort to secure accuracy which the Publishers have always put forth have not been withheld in the preparation of the present edition, and that this labor has been greatly increased this year, owing to the renumbering of several of our principal streets.

Some idea of the labor involved in the compilation of the work and of the difficulties in the way of securing the accuracy of information at which we aim, may be drawn from the fact that in this year's issue, in the City proper, 13,736 new names were added, 12,535 names were taken out, and 10,668 alterations made in other names. It has also to be taken into account that the whole of the work—compilation, printing and binding—is done within a period of seven weeks.

As usual, the book will be found divided into four parts, viz; (1) The Advertisers' Classified Directory; (2) The Street Directory; (3) The Alphabetical Directory; (4) The Miscellaneous Information.

This book is respectfully dedicated to its generous patrons--THE PUBLIC.

MONTREAL, June 21, 1887.

Entered according to Act of Parliament of Canada, for the year one thousand eight hundred and eighty-seven, by JOHN LOVELL & SON, in the office of the Minister of Agriculture.
